NEW PRODUCT ANNOUNCEMENT

LED TRACK & RAIL LIGHTING

ENERGY EFFICIENT, HIGH-PERFORMANCE & STYLE

Introducing our newest LED Track luminaires from Nora Lighting. Featuring the latest in high-output LED technology and integrating the warm white color of incandescent lamps with the high performance of an instant luminaire. Available for Track and Nora Rail products. These low voltage and energy efficient luminaires have an advanced thermal management design to ensure long life and optimal performance. LED technology provides light that is absent of projected heat, UV and infrared rays, excellent for heat sensitive merchandise such as porcelain, apparel and artwork. Available at 3000K, 4200K and 5800K with two beam spreads. Other options available.

LED RAIL

Track available in Black & Silver
Rail available in Black & Brushed Nickel

FEATURES

- ENERGY SAVINGS: 100W perform better than 100W PAR38, savings of near 80% energy consumed
- AVAILABLE IN 2 DIFFERENT SIZES: 1.5W - 4" diameter with 725 Lumens output 3W - 2" diameter with 310 Lumens output
- LATED LIFE: 50,000 hours at 70% lumen maintenance
- DIMMABLE DOWN TO 10%
- BEAM SPREADS FOR ALL RETAIL APPLICATIONS: Narrow beam: 12°, Medium Flood: 24°, Flood: 32° and more RPT!
